Comments
Tossing the blueberries in flour reduces bleeding during the baking process.
Any individually-quick-frozen berries, mixed berries or cherries can be substituted.
Whole eggs may be used in place of liquid egg. Six whole eggs = 1 1/2 cup of liquid egg. Three whole eggs = 3/4 cup liquid egg.
A fruit sauce can be used in place of plain fruit as a topping for this dish. Instructions (24 servings): Combine remaining blueberries (or other fruit) and 1 cup of sugar in a small saucepot. Cook on low heat for 10 minutes, just until blueberries have burst and sauce begins to thicken. Remove from heat and let cool. Top each portion of Blueberry Delight with 1/4 cup fruit sauce.

Tip: Add 2 teaspoons of vanilla extract to yogurt filling mixture.
